

FES Watch Checklist

*If the answer to all questions is "Yes", the watch has no defects and is of good quality

◆ External appearance checks

- | | | |
|--|--------------------------|--------------------------|
| | Yes | No |
| 1 Are the e-paper parts, including the band, free of breaks, bends, etc.? | <input type="checkbox"/> | <input type="checkbox"/> |
| | Yes | No |
| 2 Is the buckle free of damage? | <input type="checkbox"/> | <input type="checkbox"/> |
| | Yes | No |
| 3 Does the watch display only one of the 24 designs shown on the next page when displaying the time? | <input type="checkbox"/> | <input type="checkbox"/> |

*The entire watch can be black or white when not displaying the time

◆ Functionality checks

*The FES Watch does not always display the time. So long as the time is shown when the button is pressed, there is no malfunction or defect.

*Three minute hands displayed on the watch face is not a malfunction or defect. This is the low battery warning. Please contact us (<http://fashion-entertainments.com/>) if you have questions about battery replacement or guarantees.

|--|--------------------------|--------------------------|
| | Yes | No |
| 1 Checks for display problems, such as the time not being displayed when the button is pressed | | |
| 1.1 Reset the watch by holding the button down for 20 seconds, releasing it after the colour of the electronic paper is reversed | | |
| Does this solve the problem? | <input type="checkbox"/> | <input type="checkbox"/> |

- | | | |
|--|--------------------------|--------------------------|
| | Yes | No |
| 2 Checks for when Watch Action is not working and the time is not displayed when the user lifts their wrist to look at the time | | |
| 2.1 Is the time displayed when the user raises their arm and turns the watch face so it is parallel to the ground? | | |
| Tip: The time may not display if the watch face is not at the right angle. The time should display when the user lifts their arm so that the watch face is parallel to the ground. | <input type="checkbox"/> | <input type="checkbox"/> |

- | | | |
|---|--------------------------|--------------------------|
| | Yes | No |
| 2.2 Does the time display after you turn Watch Action on/off (by holding the button down for eight seconds, releasing it after the circle in the middle of the watch face flashes three times) then try Watch Action again? | <input type="checkbox"/> | <input type="checkbox"/> |
